Organic & Protein Spotter

SPECIALTY LAUNDRY SPOTTER

ABOUT THIS PRODUCT

Organic & Protein Laundry Spotter is formulated for rapid penetration and digestion of the toughest stains and soils. This proprietary blend of enzymes and plant based surfactants allows for the quick removal of many types of stains particularly protein and starch based stains.

Organic & Protein Laundry Spotter is a safe and mild product to use and will not contribute to degradation of fabrics.

DIRECTIONS

1. If spot contains some solid matter, scrape up as much as possible prior to application of product.
2. Saturate spot with undiluted product and allow to penetrate into stain.
3. Absorb product and dissolved matter with a paper towel or cloth. Re-apply product to spot and agitate slightly.
4. Repeat this procedure until paper towel or cloth seems to have dissolved all of the spot.
5. Allow to dry. When dry, vacuum the surface, or brush upholstery fiber to raise pile or nap. Some oil based stains tend to "bleed" when emulsification occurs, so take care not to spread stain. Do not mix this product with other cleaning compounds or solvents.

NOTE: Always check an obscure area of surface to determine color fastness of fabric. Do not use on wool or velvet fibers

PRECAUTIONARY STATEMENTS

Prevention: Keep away from flames and hot surfaces. No smoking. Wear protective gloves/eye protection/face protection. Wash hands and exposed skin thoroughly after handling. Avoid breathing fume/mist/ vapors/ spray. Contaminated clothing should not be allowed out of the workplace. Response: In case of fire: Use water fog, foam or carbon dioxide (CO2) to extinguish. IF ON SKIN: Wash with plenty of soap and water. Specific treatment: See section 4 on the Safety Data Sheet. If skin irritation or rash occurs: Get medical advice/attention. Take off contaminated clothing and wash it before reuse. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention. Storage: Store in a well-ventilated place. Keep cool. Disposal: Dispose of contents/container in accordance with local/regional/national/ international regulations.
